

Supplementary Materials

S1. Electronic Medical Record Antiretroviral Medication Subclasses

Antiretroviral - Nucleoside Reverse Transcriptase Inhibitors (NRTI)

Antiretroviral - Non-Nucleoside Reverse Transcriptase Inhibitors (NNRTI)

Antiretroviral - HIV-1 Integrase Strand Transfer Inhibitors

Antiretroviral - CCR5 Co-Receptor Antagonist

Antiretroviral - HIV-1 Fusion Inhibitors

Antiretroviral-Nucleoside Reverse Transcriptase Inhibitors (NRTI) Combinations

Antiretroviral - Nucleoside and Nucleotide Analog RTIs Combinations

Antiretroviral-Nucleoside, Nucleotide Analogs and Non-Nucleoside RTI

Antiretroviral-Integrase Inhibitor, Nucleoside and Nucleotide RTIs Combinations

Antiretroviral-Nucleoside Analogs and Integrase Inhibitor Combinations

Protease Inhibitors (Peptidic) Antiretrovirals
